CAR SIMULATORS LINEUP

RST GO is our entry-level simulator, designed to prioritize performance with naked aesthetic.

The result is a simple, clean, and essential product that ensures an uncompromised driving experience, without the added costs.

Choose GO if you want to join the simracing world with the best quality over price product you can get.

Racing Skill Trainer *GO*

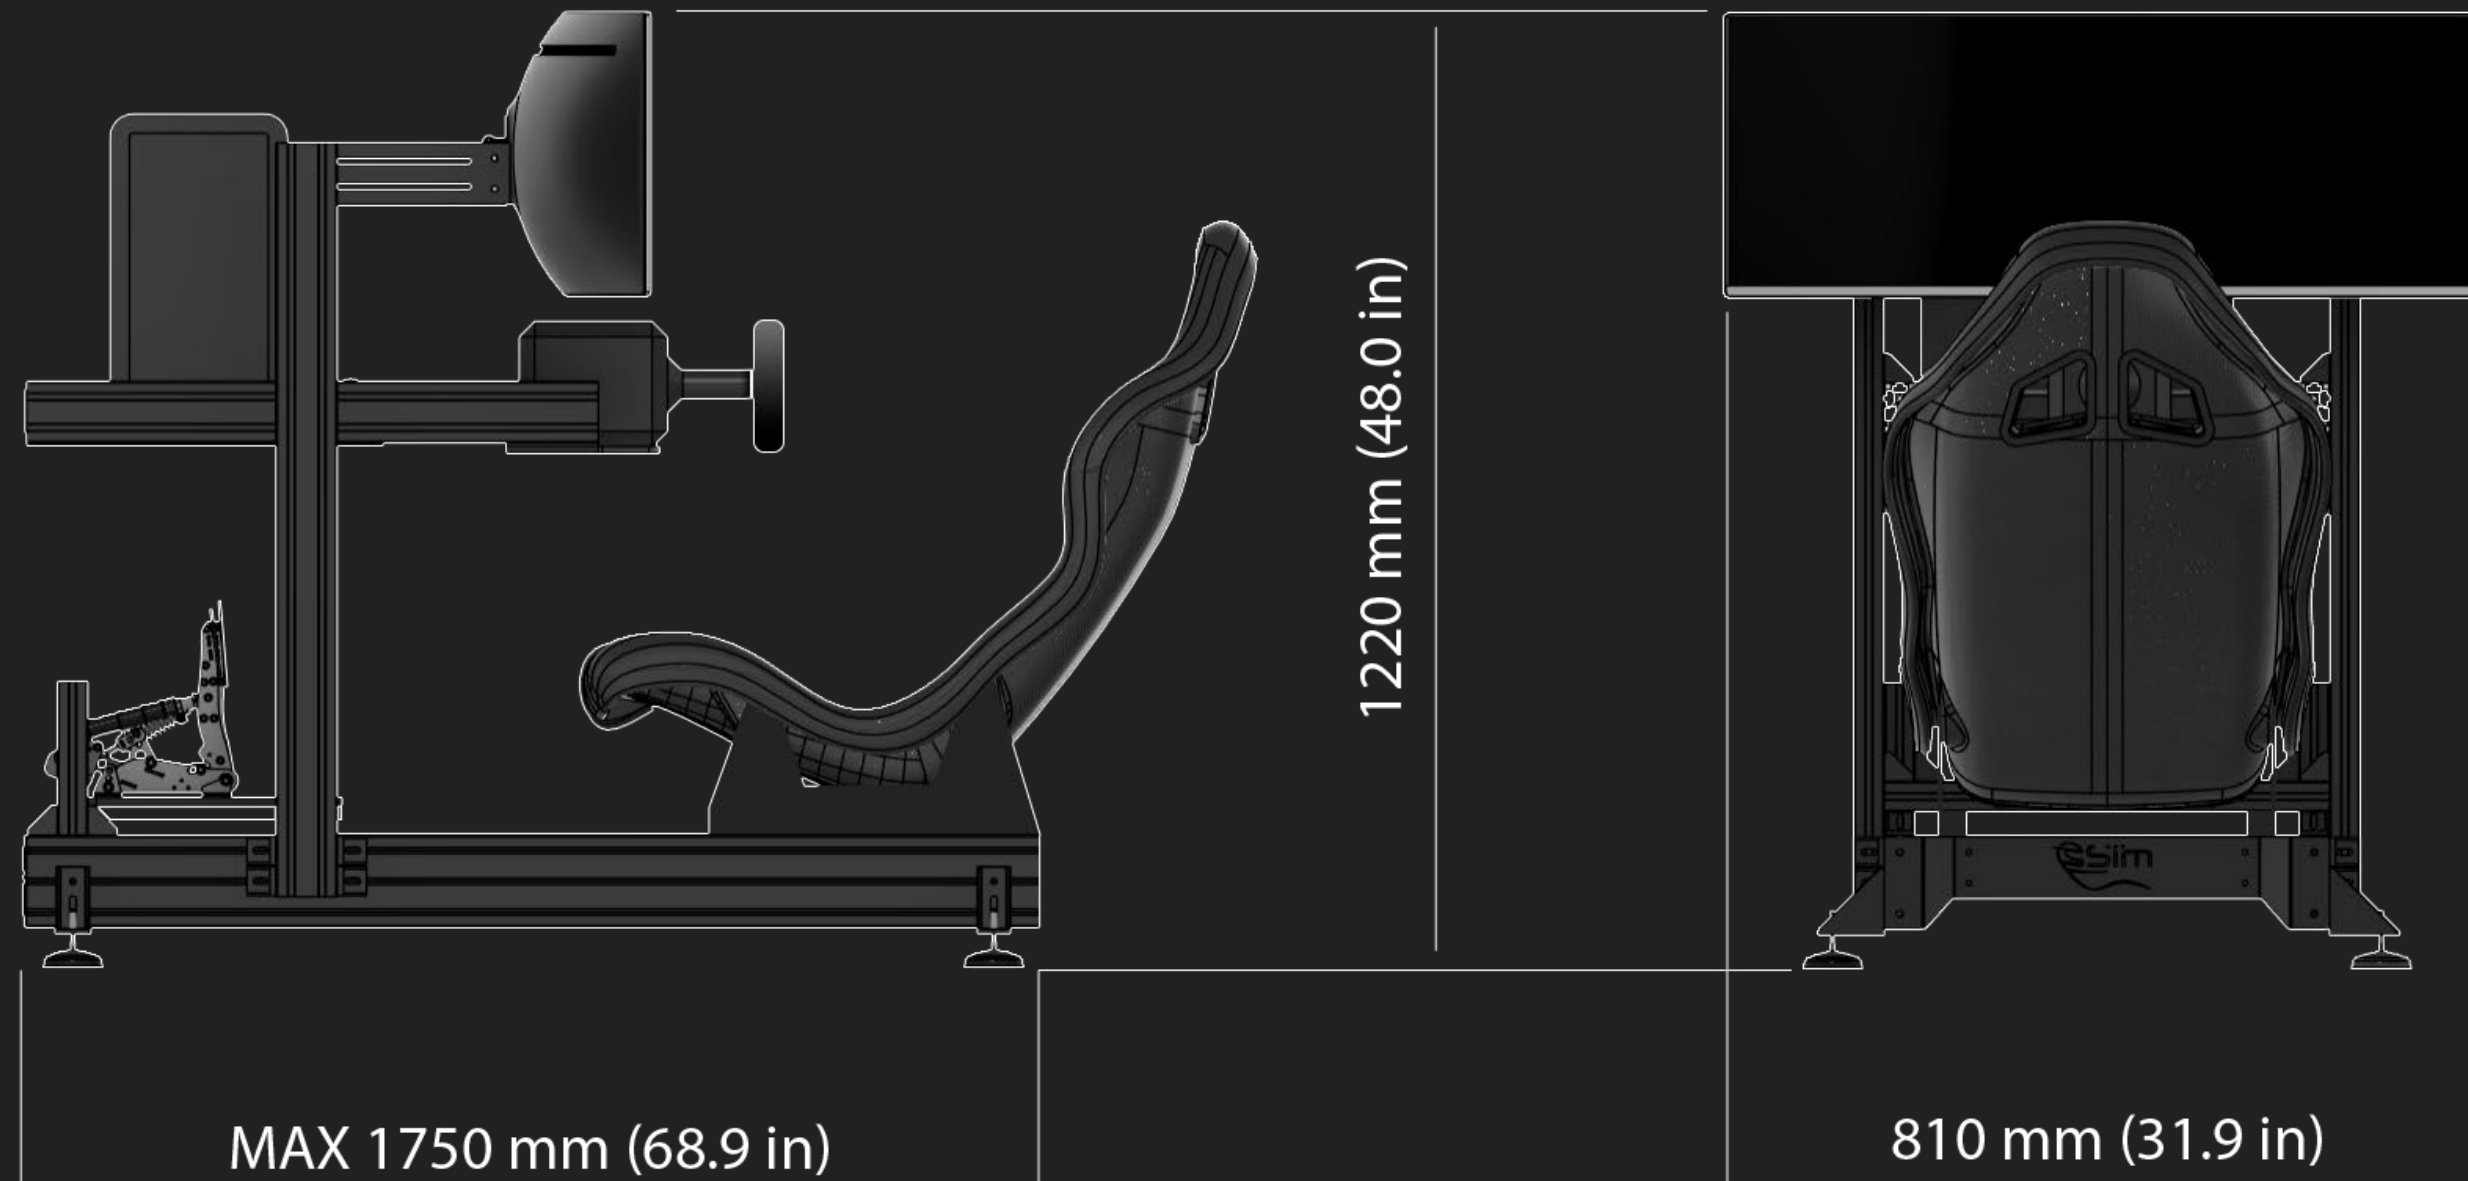

Racing Skill Trainer

- . **CHASSIS** Custom design made of aluminum beams
- . **STEERING SYSTEM** Fanatec® Clubsport DD motor system (up to 12Nm of torque)
- . **STEERING WHEEL** Fanatec® Clubsport F1® Esports V2
- . **PEDALS** DC Simracing® DC2 RS
- . **SEAT SABELT®** SRP-1
- . **COMPUTER** Intel cpu, 500gb SSD, Nvidia RTX graphic board
- . **MONITOR** Samsung Odyssey G5 (C34G55) 3440x1440 21:9
- . **SIMULATION SOFTWARE** Assetto Corsa
- . **AUDIO** Soundbar 24Watt
- . **DIMENSION** 1750 mm (68.9 in) length, 810 mm (31.9 in) width, 1220 mm (48.0 in) height
- . **WEIGHT:** Gross weight 70kg (200lb)
- . **POWER SOURCE:** 3A/115VAC, 1.2A/230VAC

Seat and pedals are easy to move backwards and forwards using a leverage, to fit drivers from 1.40mt till 1.95mt (from 4'7" to 6'5").

Racing Skill Trainer^{GO}

Racing Skill Trainer *PRO*

RST Pro is our base simulator model and offers everything you need to enjoy your favorite racecars at home.

Top hardware components, chassis solidness, clear design, high personalization available, this is what we bring to you with our latest product.

Choose PRO if you want a compact, silent, top level driving simulation experience for your home, office or even for training purpose.

Racing Skill Trainer *PRO*

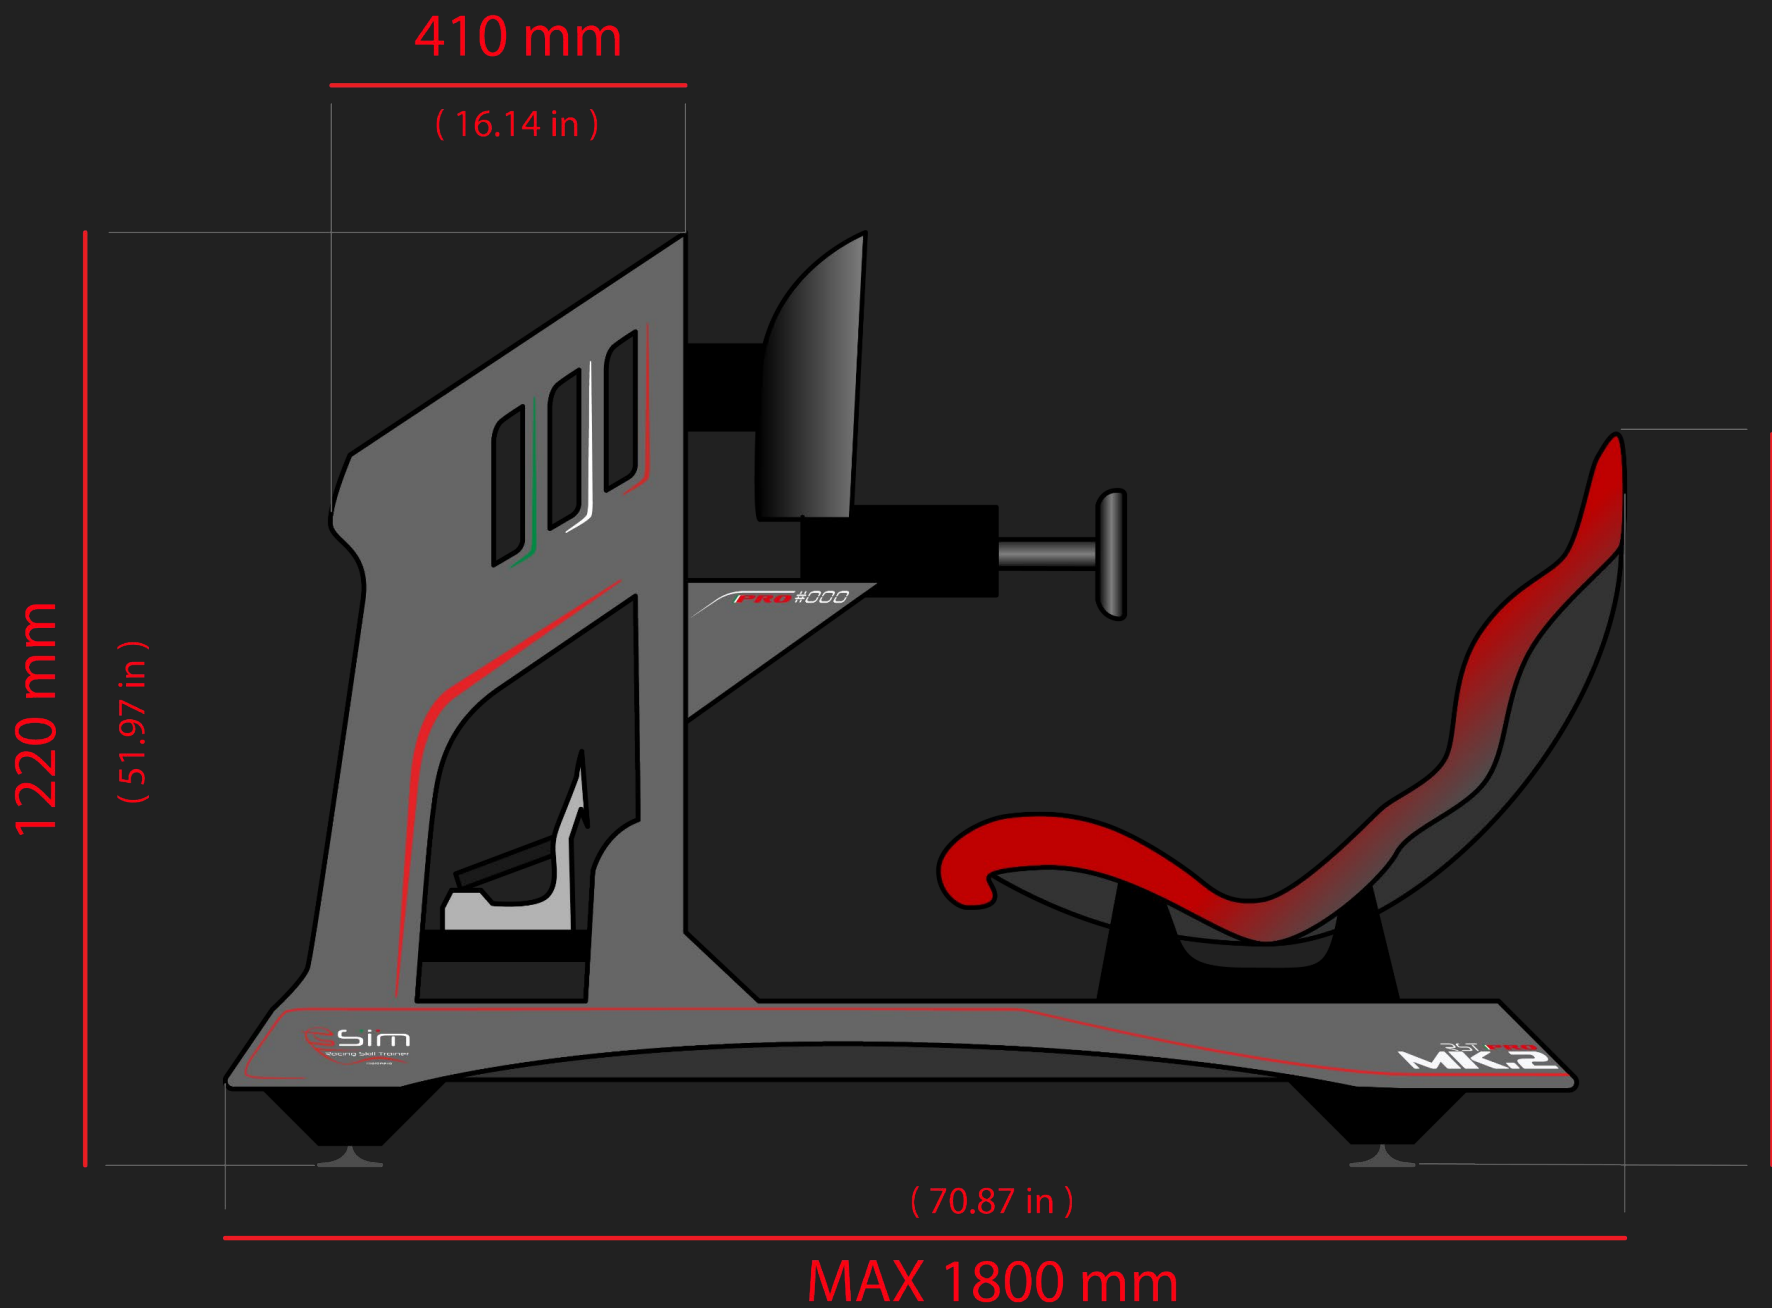

Racing Skill Trainer *PRO*

- . **CHASSIS** Custom design made of aluminum beams
- . **STEERING SYSTEM** Direct Drive motor system (up to 17Nm of torque)
- . **STEERING WHEEL** Top level wheels based on real car designs
- . **PEDALS** Stainless steel system with custom elastomer kit
- . **SEAT** GT and Formula style made of composite materials
- . **COMPUTER** Intel cpu, 500gb SSD, Nvidia RTX graphic board
- . **MONITOR** Ultrawide monitor, 32:9 aspect ratio, 5120x1440 resolution
- . **SIMULATION SOFTWARE** Assetto Corsa
- . **AUDIO** Soundbar 12Watt
- . **DIMENSION** 1800 mm (71.0 in) length, 1200 mm (47.5 in) width, 1220 mm (52 in) height
- . **WEIGHT** Gross weight 90kg (200lb)
- . **POWER SOURCE** 3A/115VAC, 1.2A/230VAC

Seat and pedals are easy to move backwards and forwards using a leverage, to fit drivers from 1.40mt till 1.95mt (from 4'7" to 6'5").

Racing Skill Trainer *PRO*

GT Seat 1100 mm (43.31 in)
Formula Seat 950 mm (37.40 in)

Racing Skill Trainer 4DOF

RST 4DOF welcomes you in the world of motion driving simulators.

Featuring an ultra wide 55" triple screen setup, a 4 degrees of freedom motion platform and active belts, it provides an organic connections between you and your virtual car.

Choose 4DOF if you aim to embrace the motion driving simulators world with top hardware solutions packaged in a user friendly product.

- . **CHASSIS** Custom design made of aluminum beams
- . **STEERING SYSTEM** Direct Drive motor system
- . **STEERING WHEEL** Rexing Formula Mayaris 2
- . **PEDALS** Simucube brake ActivePedal Ultimate + Simucube passive throttle
- . **SEAT** Sabelt SRP-1 black pillow
- . **BELTS** pre-tensioned belts system
- . **COMPUTER** Intel cpu, 1tb SSD, Nvidia RTX 5080 graphic board
- . **MONITOR** 3 monitors 55", 16:9 aspect ratio, 144Hz. 7680x1440 resolution
- . **SIMULATION SOFTWARE** Assetto Corsa
- . **AUDIO** Surround system 5+1
- . **DIMENSION** 2300 mm (90.0 in) length, 2500 mm (98.0 in) width, 1700 mm (67.0 in) height
- . **WEIGHT:** Gross weight 380kg (837lb)
- . **POWER SOURCE:** 10A/115VAC, 6A/230VAC
- . **MOTION SYSTEM** 4 DOF platform (Heave, Pitch, Roll, Yaw)

Seat and pedals are easy to move backwards and forwards using a leverage, to fit drivers from 1.40mt till 1.95mt (from 4'7" to 6'5").

Racing Skill Trainer

4DOF

Prepare for a driving experience like no other with RST 6DOF.

Our flagship simulator combines cutting-edge motion technology, virtual reality, active wind, active belts and force feedback to transport you into the ultimate realism.

Whether you're a professional driver, racing enthusiast, or training facility seeking the pinnacle of driving simulation, RST 6DOF sets a new standard for compact yet professional simulation solutions.

SERVICES

Racing Skill Trainer

REMOTE ASSISTANCE

Your simulator comes with a pre-installed application for remote assistance. Thanks to it we are able to troubleshoot software, help in general system usage or in add-ons installation everytime you ask for, without any need for us to come phisically to your location.

Remote assistance is very easy to start up, it requires a standard internet connection and your consent for us to access your PC.
